AISHWARYA P KULKARNI

Associate System Engineer

Bangalore, Karnataka | 7022474342 | aishwaryakulkarni931@gmail.com

PROFESSIONAL SUMMARY

Technology professional with a B.E. in Computer Science (VTU), combining strong programming fundamentals with practical AI/ML expertise. Experienced in Python-based system development, full-stack applications, database management (SQL/MySQL), and ML pipeline implementation. Adept at working through the complete SDLC — from requirements gathering and design to deployment and maintenance. Eager to contribute as an Associate System Engineer in designing, building, and supporting reliable enterprise software systems.

TECHNICAL SKILLS

Languages	Python, SQL, HTML, CSS, JavaScript
Libraries	NumPy, Pandas, Matplotlib, Scikit-learn, Flask
Databases	MySQL, SQL (DDL/DML/Aggregations), NoSQL basics
Dev Tools	VS Code, Jupyter Notebook, Git, GitHub
System Skills	Linux basics (file system, shell commands, permissions), SDLC (Waterfall & Agile), REST APIs, Version Control
AI / ML	Supervised & Unsupervised Learning, Data Preprocessing, Feature Engineering, Model Evaluation, NLP basics
Soft Skills	Problem Solving, Technical Documentation, Team Collaboration, Analytical Thinking

WORK EXPERIENCE

AI/ML & Data Science Trainer — Vijesha IT Services, Bangalore *May 2024 – Present*

- Trained 50+ students and professionals in Python, Machine Learning, and Data Science through structured, hands-on sessions.
- Designed course materials, lab assignments, and end-to-end ML projects (sentiment analysis, spam detection, heart disease prediction).
- Guided learners through complete project lifecycles — data collection, preprocessing, model building, evaluation, and deployment.
- Explained complex ML algorithms and data concepts clearly, bridging theory and practical application.

INTERNSHIPS

Data Science Intern — IndataAI Software Solutions, Hubli *2023*

- Built a Heart Disease Prediction system using ML classification algorithms (Logistic Regression, Decision Tree) on structured medical datasets.
- Performed EDA, data preprocessing, feature engineering, and model evaluation using Python and Jupyter Notebook.
- Developed a front-end interface to display prediction outputs, integrating the trained model end-to-end.

Full Stack Developer Intern — Varicons Technology, Bengaluru *2022*

- Developed BookMyShow Gift Card web application — implemented user authentication (login/sign-up) and payment flow.
- Designed backend logic and MySQL database schema; worked on REST-style service integration using Visual Studio.

Web Design Intern — Internship Studio, Pune *2021*

- Built a responsive e-commerce website with full front-end and back-end components using HTML, CSS, and MySQL.

PROJECTS

Heart Disease Prediction System *IndataAI Internship, 2023*

- ML diagnostic tool using Logistic Regression and Decision Tree on medical datasets; validated with k-fold cross-validation.

Parakeet AI — Voice-Based AI Assistant *MAHE Academic Project, 2024*

- Designed STT → NLP → TTS pipeline for a voice assistant; authored complete technical documentation covering architecture and deployment phases.

BookMyShow Gift Card — Full Stack App *Varicons Technology, 2022*

- End-to-end web application with user auth, session management, and payment processing using MySQL backend.

AI-Based Traffic Management System | Placement Portal | Metro Music App *Academic, 2022–2023*

- Traffic system: rule-based AI signal optimization. Placement Portal: role-based student placement tracking. Metro Music App: Python GUI music player.

CERTIFICATIONS & BADGES

✓ **Python for Data Science** *IBM Skills Network – Foundational*	✓ **Data Analysis Using Python** *IBM Skills Network – Intermediate*
✓ **Data Visualization Using Python** *IBM Skills Network – Intermediate*	✓ **Machine Learning** *IBM Skills Network*
✓ **Introduction to Artificial Intelligence** *IBM*	

IBM Digital Badges:

Python for Data Science

Data Analysis Using Python

Data Visualization Using Python

EDUCATION

Degree / Course	Institution	Year
B.E. Computer Science	AGMR College of Engg. & Tech. (VTU)	2019 – 2024
XII – PUC	JSS RSH College (DPUC)	2017 – 2019
X – SSLC	Presentation Girls High School (KSEEB)	2016 – 2017

I hereby declare that all information provided above is accurate and true to the best of my knowledge.
